

WE DANCED OFF

In two separate directions  
Ticonderoga

you came back  
sweating like a cow  
that steam rising from you  
in the cold air

This wouldn't have been likely  
in Yuma

it wouldn't have been  
likely in Kalamazoo

I got you out of that  
sopping jersey

you shivered  
as I rubbed you down

OPEN

Your ass  
the minnows  
are biting

ENRAPTURED NUDE

I never thought  
you  
had a figure like that  
angel and daemon  
you are flying  
one flat foot reaching  
very long

but your breasts  
and arms ride the air  
like a whole armada  
on  
a coral sea

NO, I

Never  
liked  
breasts

So  
big  
but

Yes  
yours are  
stunning

CONNED OUT

Of my  
ass  
by a

Dumb  
broad  
she

Touched  
my sleeve  
put

The tips  
of her  
fingers

To the back  
of my  
neck
